

Exodus 3 Ministries is a not-for-profit, faith-based organization with a two-fold purpose. First, to serve the Syracuse community, and the second to serve hurting women ages 18 years and older, who are experiencing homelessness and feelings of hopelessness.

The ministry of Exodus House will apply to principles of the Family Life Center by offering women housing, food, clothing, life skills and other services deemed necessary for the development of self-reliance. All services will be provided at no cost to the resident or their referring agency. Exodus House is scheduled to open in 2011.
