

# FACEBOOK

Most non-profit organizations should select "company, organization, or institution."

Select "non-profit organization" from the drop-down menu.

Type the name of your organization. For this example, ours will be "social media committee."

# FACEBOOK

You've created your page! On the home screen, go through each step listed.

Upload your organization's logo as the profile picture.

You'll only suggest your page to friends if you (the creator of the page) already has a personal Facebook account.

Import your contacts from your e-mail or computer address book.
